

STEER Leadership Program

Students Transforming Expectations & Exploring Real Opportunities

Selected students will...

- Visit various industries present in Orange County once per month to learn more about local career opportunities in agriculture, hospitality, health, information technology, construction, and more.
- Build teamwork and leadership skills through development programs.
- Better understand connections between career clusters and workforce readiness.
- Develop the interview skills and other soft skills young professionals need to possess to be successful in a new job upon graduation from high school. Topics will include, but not be limited to, time management, self-motivation, communication, cooperation, attitude and integrity.
- Build connections intended to cultivate future opportunities for apprenticeships and part-time jobs.

What kinds of students are we looking for to participate?

- Orange County sophomores and juniors.
- Students who plan to enter a local career and not attend a 4-year college upon graduation or who have may not have yet selected an education pathway.
- Minimum GPA: 2.25 unweighted (negotiable)
- Students who may be involved in a Career & Technical Student Organization (CTSO).
- Students in a career & technical education cluster or those who have not yet selected a cluster.
- Motivated students from underserved populations with challenges that may be preventing them from succeeding academically.
